AMBASSADOR INDUSTRIAL

"Specialist manufacturers of rubber extrusions, plastic extrusions, and rubber moulded products for 40 years."

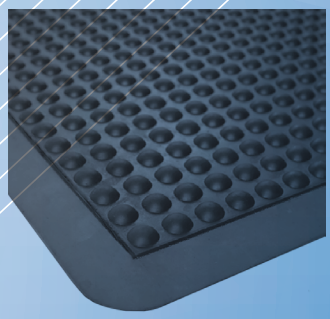

ANTI FATIGUE MATTING

Rubber anti-fatigue matting is designed for industrial and commercial workplaces where prolonged standing occurs on hard floors. Commonly used in warehouses, production areas and workstations, these mats help reduce fatigue and improve underfoot comfort.

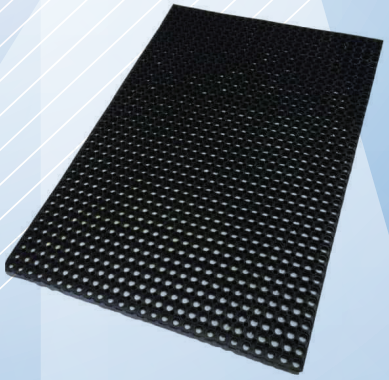

Manufactured from durable, slip-resistant rubber, anti-fatigue mats are suitable for high-traffic environments and are easy to clean and maintain. Available in multiple profiles and thicknesses to suit a range of workplace conditions and replacement requirements.

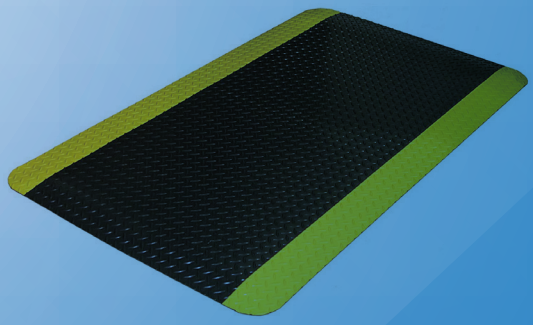

SR HM0406
900 X 1500 X 12mm thick

SR AFBUB13
600 X 900 & 1200 X 900
both 13mm thick

SR AFAT23
1000 X 1500 x 23mm thick

SR AFAT9
900 X 1500 x 9mm thick
